PART 5 – MEMBERS

5. Membership

5.1. Classes of Membership

(1) Three primary types of Membership are available, and these are categorised as Ordinary Members, Associate Members, and Organisational Members. Two additional classes of honorary memberships can be awarded by the Committee, which equate to specialised categories of Ordinary and Associate Membership. These classes of Membership are discussed below.

(2) ***Ordinary Memberships.*** Ordinary Members have the following rights within the Association:

a. they can nominate themselves or others to fill positions on the Committee,

b. if elected to the Committee, they can participate in Votes at Committee Meetings or through E-Votes;

c. they can Vote at General Meetings, and in Members Polls;

d. they can participate in activities managed or coordinated by the Association, in accordance with the Rules; and

e. they can utilise the benefits and rights nominated within the Rules.

(3) ***Associate Memberships.*** Associate Members may participate in General Meetings and other activities managed or coordinated by the Association. Additionally, they can utilise the other benefits attributable to Associate Members within the Rules and can nominate Members for the Committee. However, they will not have the right to Vote at General Meetings or in Members Polls, or to become a Committee Member.

(4) ***Organisational Memberships.*** Organisational Memberships can be awarded by the Committee as a recognition of the relationship between that organisation and the DDRA. This award grants nominal rights to the organisation and its personnel for participation in DDRA activities and to make use of DDRA facilities, and will include:

a. giving up to two (2) persons associated with that organisation the full rights and assigns of Ordinary Membership, including Voting rights; and

b. granting the rights and assigns to other nominated persons working in/with that organisation, so they can also leverage the benefits of Membership in the same way as an Honorary Associate.

(5) ***Classes of Honorary Membership.*** The Committee may award two other types of honorary Memberships, which are classified as follows:

a. Honorary Members must be able to meet the requirements specified in Clause 5.2, and will have the rights of Ordinary Members. However, they would not be required to pay any form of fee for Membership, should one be implemented. Such Membership can be awarded by the Committee for a specified period (e.g. for one or more Years), or as a Life Membership, which will remain extant until that person is deceased, or the person no longer meets the requirements specified in Clause 5.2.

b. Honorary Associates will have the rights and assigns of an Associate Member, as specified by the Rules. This form of Membership can be granted by the Committee to a person even if they are not a Resident. The Committee may allocate such Memberships for a defined period, or until specific events are realised.

(6) The number of Members of any class is not limited unless otherwise designated by a Resolution at a General Meeting.

(7) A person can only be classifiable as one (1) type of Member at any time. These classifications will be:

a. Ordinary Member (OM), which aligns to the Membership outlined in Clause 5.1(2);

(1) Committee Meetings are classified as:

a. normal Committee Meetings, which are convened to discuss normal, ongoing, or cyclical business of the Association, with as many members of the Committee as possible; or

b. special Committee Meetings, which are convened to manage important and pressing business of the Association, by discussing key issues with a subset of the Committee, because it would be impractical to gather the entire Committee within the timeframes required to reach a decision.

(2) The Committee must convene normal Committee Meetings at least three (3) times in each calendar Year. Dates and locations for these meetings will be determined by the Committee and notified to the Committee Members in accordance with Clause 12.2.

(3) Committee Members must provide notices of proposed meeting agenda items to the Secretary and President not later than two (2) days prior to the time of the proposed normal Committee Meeting. Agenda items received after this deadline may not be added to the Committee Meeting agenda and would need to be addressed as a part of other business within the meeting, if time is available.

(4) The Secretary will provide copies of the agenda for each Committee Member not later than one (1) day prior to the time set for the normal Committee Meeting.

12.3. Procedures and order of business for normal Committee Meetings

However, if the President is unable to fulfil this role, the Vice President will act as the chairperson for the Committee Meeting. Alternately, if both the President and Vice President are not available to fill the role, another Office Holder (as agreed by the majority Vote of the Committee Members present), will assume the role of chairperson for the meeting.

(2) The chairperson will control the order of business and manage the procedures within the normal Committee Meeting.

(3) The standard order of business within each normal Committee Meeting is:

(5) New or non-agenda business arising in accordance with Clause 12.3(3)j will be addressed as time is available. However, where there is likely to be insufficient time available to address the issues adequately during the normal Committee Meeting, the Committee Members present may Vote to:

a. extend the planned duration of the meeting if they believe that the matter being discussed is urgent;

b. instigate another Committee Meeting within an appropriate timeframe to address the issues; or

c. hold-over the discussion of the issues until the next planned normal Committee Meeting.

(6) The date, time, or venue of normal Committee Meetings set in accordance with Clause 12.3(3)k may be amended, as long as:

a. notifications are provided in accordance with Clause 12.2; or

b. the majority of the contactable Committee Members agree to the changes.

12.4. Notice and preparation for special Committee Meetings

(1) A special Committee Meeting may be convened as necessary to address issues that must be discussed expeditiously, prior to the next planned normal Committee Meeting.

(2) Special Committee Meetings may be convened by the President, or any three (3) Committee Members.

(3) Notification of the meeting must be provided to all Committee Members and should provide sufficient prior notice to allow Committee Members to attend, while still ensuring that the matters to be resolved can be addressed within the appropriate timeframe. Such notification can be provided verbally or in writing and must include: the issues to be discussed at the meeting, and the planned time, and location for the meeting.

(4) Notifications for special Committee Meetings should normally be provided by the Secretary, but this task can also be carried out by other Committee Members as necessary.

12.5. Procedures and order of business for special Committee Meetings

(1) The President or Vice President (if the President is not available) will normally preside as chairperson for the convened special Committee Meeting. However, another Committee

Member may assume the role of chairperson for the meeting, when mandated by the majority Vote of the Committee Members present.

(3) The standard order of business within each special Committee Meeting is:

b. instigate another Committee Meeting within an appropriate timeframe, to address the issues; or

c. hold-over the discussion of the issues until the next planned normal Committee Meeting.

12.6. Quorum for Committee Meetings

(1) A quorum will be deemed present for passing Resolutions at a Committee Meeting if the following three criteria are met:

a. the President, or Vice President must be present;

b. at least two of the Office Holders must be present; and

c. at least 60% of the Committee Members (as rounded up to the nearest integer value) must be present.

(2) Committee Members are deemed present for determining the quorum if they are physically present at the Committee Meeting or participating remotely in accordance with Clause 12.7. Additionally, the quorum count may include Committee Members who have provided a written submission or E-Vote on a Resolution, in accordance with Clause 12.6(4)a.

(3) If a quorum is not present within thirty (30) minutes after the notified commencement time of a Committee Meeting, the following actions may be taken;

a. the issues programmed within the agenda may be discussed by those present, and Draft Resolutions may be developed, but a formal Vote may not be taken at the Committee Meeting; and

b. another Committee Meeting may be convened, at an appropriate place and time, so the matters to be covered can be handled expeditiously; or

c. an E-Vote can be initiated in accordance with Clause 12.9.

(4) If a quorum is not present within thirty (30) minutes after the notified commencement time of a Committee Meeting that is convened in accordance with Clause 12.6(3)b, those Committee Members present may:

a. utilise formal written responses to the Draft Resolutions developed in accordance with Clause 12.6(3)a or an E-Vote response, which are provided by absent Committee

Members, to determine a quorum by representing a Member's proxy participation in the meeting;

b. engage other Committee Members through remote electronic participation in accordance with Clause 12.7(1); and/or

c. implement E-Voting, as detailed in Clause 12.9.

(5) Where a quorum is achieved utilising a written response in compliance with Clause 12.6(4)a, the Resolutions on which Votes can be taken at the Committee Meeting will be limited to those covered in all of the written responses utilised to support the acceptance of the quorum. Additionally, the provenance of the response utilised in accordance with Clause 12.6(4)a must be clear, so the Committee Members can be confident that the response was validly provided by the authorised Committee Member in question, and that it accurately reflects their views.

12.7. Use of Technology for Participation in Committee Meetings

(1) Committee Members may also be deemed present in Committee Meetings if they participate through Ssynchronous/Instantaneous communications (e.g. phone, or online meeting software like ~~Skype~~ Microsoft Teams) if:

a. the quality of the electronic communication is such that Committee Members participating remotely can follow the proceedings appropriately (e.g. they can hear what is being said by other attendees, and see what is being shown if visual aids are being utilised to demonstrate important points);

b. the remote participants can pose questions, make points, or otherwise interact as required with other Committee Members, whilst the items of business are being discussed or debated;

c. it supports the provision of suitable provenance, so other Committee Members can be confident that the person attending and Voting remotely is the elected Committee Member; and

d. the communications medium can be utilised to facilitate unambiguous indications of the Votes cast by remotely attending Committee Members.

12.8. Voting at Committee Meetings

(1) Each Committee Member present for a Committee Meeting has one Vote on any question, Motion or Resolution arising at the meeting. Additionally, Votes cast in accordance with Clauses 12.6(4)a, or 12.9 are to be included in the count, as long as their inclusion meets the associated requirements, and would not give Committee Members more than one Vote. The only exception to this would be where the chairperson at the Meeting utilises a casting Vote in accordance with Clause 12.8(6).

(2) Where a possible or perceived Conflict of Interest for a Committee Member arises in relation to a particular Vote, that Committee Member must:

a. make the other Committee Members aware of the possible Conflict of Interest; and

b. must recuse themself from participating in the discussion and Voting on the matter.

(3) In the event that the chairperson must recuse themselfves in accordance with Clause 12.8(2) then the position of chairperson must be delegated to another Committee Member, as selected by the majority of the Committee Members present.

(4) A Vote may be taken by utilising any method that would unambiguously demonstrate the Vote of the participating Committee Members. Where the majority of the Committee Members present determine that a Secret Ballot is to be utilised, then this method must be applied for the Vote. If a Secret Ballot is needed, the chairperson of the meeting must decide how the ballot is to be conducted.

(5) A Motion or Resolution is carried if there is a quorum, and a majority of the Committee Members whose Ballots are being included Vote in favour.

(6) If there is an equal number of Votes cast for and against a Motion or Resolution, the chairperson of the meeting will have a second casting Vote.

12.9. E-Voting

(1) An E-Vote entails Committee Members casting a Vote in a readable format, so they can respond to a Draft Resolution. The E-Vote may utilise emails, SMS messaging, or other electronic means to allow Committee Members to respond appropriately and unambiguously.

(2) E-Votes should only be implemented when:

a. an important issue needs to be addressed, and it would not be possible to properly convene a Committee Meeting within the necessary timeframe; or

b. a quorum is not present at a Committee Meeting in accordance with Clauses 12.6(3) or 12.6(4), and an important issue needs to be addressed expeditiously.

(3) The initiation of an E-Vote may be authorised to meet the requirements specified in Clause 12.9(2) by:

a. the President; or

b. through the Vote of the majority of Committee Members in attendance at a Committee Meeting in which a quorum is not present, as specified in Clauses 12.6(3)c or 12.6(4)c.

(4) To initiate an E-Vote, a Draft Resolution must be developed and provided to ~~all~~ the Committee Members by the most expeditious means. Draft Resolutions on which Committee Members need to Vote, must include:

a. where appropriate, a concise statement explaining why an E-Vote is being utilised, rather than convening a Committee Meeting;

b. enough information to allow the Committee Members to make an informed decision on the matter;

c. a succinct and unambiguous Resolution statement on which the Committee Members may Vote either 'Yes', 'No' or 'Abstain';

d. a deadline by which the E-Vote must be received, for the Committee Member's Vote to be accepted; and

e. details of the Committee Member who will be collating the E-Votes, and their contact information (e.g. email address, SMS number, web address), so the other Committee Members know where they need to send their response.

(5) The Voting deadline specified in Clause 12.9(4)d must allow enough time for Committee Members to receive the Draft Resolution, suitably assess the material provided, cast their Vote through the appropriate medium, and have it be received by the person collating the Votes.

(6) The Secretary will normally act as the Committee Member collating the E-Votes, but this task can be delegated to another Committee Member if:

a. decided by the President, because the Secretary cannot fulfil the role effectively;

b. the Secretary would have to recuse themself, because there is a possible Conflict of Interest in accordance with Clause 12.9(7)b; or

c. required by the Vote of the majority of Committee Members in attendance at a Committee Meeting in which a quorum is not present, as specified in Clauses 12.6(3)c or 12.6(4)c.

(7) Where a possible or perceived Conflict of Interest for a Committee Member arises in relation to a particular E-Vote, that Committee Member must:

a. make the other Committee Members aware of the possible Conflict of Interest; and

b. must recuse themself from participating in the E-Voting process and Voting on the matter.

(8) The Draft Resolution will be considered accepted if the number of Committee Members who Vote 'Yes' equates to more than 55% of the total number of Committee Members eligible to Vote on the matter.

(9) All Resolutions passed through an E-Vote must be ratified at the next normal Committee Meeting, as specified in Clause 12.3(3)g~~12.3(3)f~~.

(10) The E-Voting system must be able to provide unambiguous indications of who cast the Vote. For example, this can be achieved through protections provided by the electronic systems utilised (e.g. electronic signatures). Alternately, the Committee Member collating the Votes ~~will~~ may only accept that Vote if they can talk to the person who provided it directly, to confirm that the Vote that was received reflected their Voting intent.

(11) A notification of the results of an E-Vote must be provided for all Committee Members within two (2) days of the closing date for the Voting. This notification must be provided expeditiously in writing by the most appropriate means (e.g. email, SMS, etc.)

(12) E-Votes and the associated information must be kept as a part of the Association Books for at least seven (7) years after the closing date of the Vote.

12.10. Minutes of Committee Meetings

(1) The chairperson is to ensure that accurate minutes are taken for each Committee Meeting.

(2) The Secretary, or another Committee Member authorised by the Committee, will be responsible for taking the notes during the Committee Meeting, and collating these into the Association's Minute Book within seven (7) days after the meeting is held.

(3) The minutes must record the following:

a. the date and time of opening, time of closing, and the location of the meeting;

b. the Committee Member acting as the chairperson;

c. the names of the Committee Members present at the meeting (including a clear indication if they were attending in person, or through some other means);

d. the names of any other persons attending the Committee Meeting;

e. the Association related business discussed during the meeting; and

i. the Committee Member who proposed the matter;

ii. the Committee Member who seconded the proposal; and

iii. the result of the Vote (e.g. carried, carried unanimously, carried with a particular majority, or lost).

(4) The President must assure that the minutes of a Committee Meeting are reviewed, and when suitably completed, designated ~~signed~~ as correct by the chairperson of the meeting. This ~~signing~~ activity should be completed within five (5) days of finalising the drafting of the minutes. The Committee Meeting minutes must then be ratified at the next normal Committee Meeting, in accordance with Clauses 12.3(3)c and 12.3(3)e~~12.3(3)d~~.

(5) When the minutes of a Committee Meeting have been ~~signed~~ marked as correct, they are until the contrary is proved, evidence that:

a. the meeting to which the minutes relate was duly convened and held;

b. the matters recorded as having taken place at the meeting took place as recorded; and

c. any appointment, Motion, or Resolution, passed at the meeting was validly made.

(6) The primary Minute Book must be kept at the Secretary's place of residence, or at another place determined by the Committee. The Minute Book may be kept in an electronic and/or documentary (hard copy) format. Where an electronic format is utilised, appropriate backups must be kept, to ensure that associated files are not lost, even if there is a catastrophic event at the primary place for storing the Minute Book (e.g. utilising an off-site backup). Additionally, where electronic versions are utilised, appropriate steps must be taken to minimise the risks of data tampering by unauthorised people.

12.11. Notifications of Committee Meeting Proceedings

Formatted: Keep with next

(1) A summary of the proceedings, and outcomes of Committee Meetings must be provided after each meeting, so the information can be readily accessed by all Committee Members. Such summaries may include:

a. the provision or a short synopsis of the proceedings within an appropriately short timeframe if actions are required prior to the distribution of the minutes; and/or

b. the provision of copies of the minutes of the meeting within fourteen (14) days after the Committee Meeting, where possible.

(4) may provide calls for nomination of Committee Members, as necessary to meet the requirements specified in Clause 11.2;

(5) must list any By-Laws that need to be discussed, varied, or ratified during the General Meeting;

(6) may ask Members to advise if they wish to participate in the General Meeting through technical connectivity in accordance with Clause 20, if the Committee passes a Resolution to implement this approach in compliance with Clause 20.1; and

(7) must, if a Special Resolution is proposed for discussion and Balloting during the General Meeting:

a. explain that a Special Resolution will be Voted on during the meeting;

b. set out the wording of the proposed Special Resolution;

c. describe in straightforward terms how the Special Resolution will affect Members; and

d. give Members access to appropriate and pertinent documentation, so they can investigate the ramifications of the Special Resolution for themselves.

17.4. Notices of General Meetings must be provided expeditiously, to give Members adequate opportunity to participate in the meeting, and may be distributed as:

(1) electronic notifications (e.g. email, web posts, etc.); and/or

(2) paper flyers, leaflets, or other hard copy formats, which are provided as appropriate to Members/Residents.

18. Members adding agenda items or Draft Resolutions

18.1. Members may propose agenda items or Draft Resolutions for discussion and Balloting, during forthcoming General Meetings. Such notifications must be provided in writing.

18.2. Proposed agenda items or Draft Resolutions for inclusion in a General Meeting must:

(1) give adequate information on the proposal or issue, so Members can understand the matters and the reason for proposing their inclusion; and

(2) supply suitable contact details for the proposing Member (or Members), so the issues can be discussed expeditiously and interactively, as necessary to allow Committee Members to investigate the proposal adequately prior to inclusion within the agenda for the General Meeting.

18.3. The deadline defined in accordance with Clause 17.3(3)a must:

(1) provide sufficient time to allow Members to receive the notification, formulate a proposal in accordance with Clause 18.2, and forward this to be received in accordance with Clause 18.4; and

(2) give at least five (5) days prior to the time of the General Meeting, to allow the Committee time to discuss the proposed agenda item prior to inclusion for discussion in the General Meeting.

18.4. For a proposed agenda item or Draft Resolution to be considered for inclusion, it must be received by the President and/or Secretary prior to the deadline defined in accordance with Clause 17.3(3).

18.5. The Committee may only decline a Member's proposed agenda item or Draft Resolution from full discussion and Voting at the notified General Meeting, if the proposed issues:

(1) could not be covered appropriately within the timeframe available for their discussion and Balloting during the General Meeting; or

(2) the issues to be covered are of such import that their inclusion for discussion in the General Meeting would be unlikely to give Members sufficient time to investigate the matters adequately prior to the notified meeting.

18.6. Where a proposed agenda item or Draft Resolution is not accepted for detailed discussion and Voting at the General Meeting in accordance with Clause 18.5, the following must be implemented:

(1) the issues that could not be included for full discussion and Balloting must be outlined for those present at the General Meeting, so they are aware of the proposed agenda items or Draft Resolutions; and

(2) the Ordinary Members present may Vote to:

a. extend the duration of the General Meeting as necessary, to address the issues and take a Vote; or

b. have the matter addressed by the Committee as necessary, and have the Committee report appropriately on the matter to the Members; and/or

c. resolve to convene a SGM within a maximum of thirty (30) days from the date of the General Meeting, to discuss and Vote on the proposed agenda item or Draft Resolution.

19. Quorum for General Meetings

19.1. A quorum will be deemed present for passing Resolutions at a General Meeting if the following criteria are met:

(1) the President, or Vice President must be present;

(2) at least three Office Holders must be present;

(3) at least 60% of the Committee Members (as rounded up to an integer value) must be present; and

(4) at least six (6) other Ordinary Members must also be present.

19.2. Members are deemed present for determining the quorum if they are physically present at the General Meeting or participating remotely through the use of technology, in accordance with Clause 20.

19.3. If a quorum is not present within thirty (30) minutes after the notified commencement time of a General Meeting, another meeting is to be convened at an appropriate place and time, so the matters to be covered can be handled expeditiously. The reprogrammed General Meeting must be scheduled to take place within fourteen (14) days of the date on which the General Meeting was originally planned to take place.

19.4. In the event that a following General Meeting is required in accordance with Clause 19.3, Members must be notified expeditiously. Such notifications may utilise:

(1) the methods defined in Clause 17.4, and/or

(2) phone calls, visits, or other forms of contact.

19.5. If a quorum is not present within thirty (30) minutes after the notified commencement time of a General Meeting that is convened as a follow on from an AGM or SGM in which a quorum was not present:

(1) those Members present may discuss pertinent matters from the agenda;

(2) Ordinary Members may Vote on Motions that would not substantially affect activities of the Association (e.g. accepting Reports, Minutes, etc.), but Votes may not be carried out for Draft Resolutions that could have a significant impact on the activities of the Association; and

(3) Ordinary Members may Vote to initiate a following General Meeting, which must take place within fourteen (14) days of the date on which this meeting took place; or

(4) Ordinary Members may Vote to implement Members Polling, as detailed in Clause 23.

19.6. If a following General Meeting or Members Poll is to be conducted in accordance with Clauses 19.5(3) or 19.5(4), the Committee is to provide notifications to Members using the approaches listed in Clauses 19.4(1) and/or 19.4(2).

20. Use of Technology for Participation in General Meetings

20.1. The Committee may pass a Resolution to utilise technology to facilitate participation of Members at a General Meeting. Such Resolution must be made prior to providing a notification of a General Meeting in accordance with Clause 17.2. However, this method may only be approved by the Committee if:

(1) it is deemed important to implement this method to facilitate the achievement of a quorum; and

(2) it would be technically and practically feasible to provide the connectivity required to support this type of participation at the General Meeting:

a. for the number of Members who could be expected to utilise this facility; and

b. where the connectivity available would meet the requirements specified in Clause 20.2.

20.2. If a Resolution is passed by the Committee in compliance with Clause 20.1, Members may be deemed present in General Meetings if they participate through Ssynchronous/Instantaneous communications (e.g. phone, or online meeting software like SkypeMicrosoft Teams) and:

(1) the quality of the electronic communication is such that Members participating remotely can follow the proceedings appropriately (e.g. they can hear what is being said by other attendees, and see what is being shown if visual aids are being utilised to demonstrate important points);

(2) the remote participants can pose questions, make points, or otherwise interact as required with other Members, whilst the agenda items are being discussed or debated;

(3) it supports the provision of suitable provenance, so other Members can be confident that the person attending and Voting remotely is an Ordinary Member; and

(4) the communications medium can be utilised to facilitate unambiguous indications of the Votes cast by remotely attending Ordinary Members.

21. Managing the business at the General Meetings

21.1. The President, or if the President is unable to fulfil the role, the Vice President, should normally preside as chairperson for each General Meeting. However, if the President and Vice President are unable to act as chairperson for a General Meeting, the Committee Members attending the General Meeting must choose one of the Members to act as the chairperson.

21.2. The chairperson may, with the consent of the majority of the Ordinary Members present at the meeting, adjourn the meeting or delay discussion or Voting on a Motion or Draft Resolution to a following SGM. Reasons for such adjournment may include situations in which:

(1) there is insufficient time to deal effectively with the business at hand; or

(2) Members need more time to consider an item of business.

21.3. Notice of an adjournment of a meeting, or the delay in Voting on a Draft Resolution is not required unless the meeting is adjourned for more than fourteen (14) days, in which case notifications must be provided to Members at least seven (7) days prior to the time set for the following SGM.

22. Voting during a General Meeting

22.1. Only Ordinary Members may cast Votes at a General Meeting.

22.2. With the exception of the Voting process for Ordinary Committee Members discussed in Clause 11.3(5), or the provision of a casting Vote allocated in accordance with Clause 24.3, Ordinary Members will only be able to cast one Vote on Motions or Draft Resolutions.

22.3. A Vote may be taken by utilising any method that would unambiguously demonstrate the Vote of the Ordinary Members present. Where the majority of the Ordinary Members present determine that a Secret Ballot is to be utilised, then this method must be applied for the Vote. If a Secret Ballot is needed, the chairperson of the meeting must decide how the Ballot is to be conducted.

23. Members Polling

23.1. A Members Poll may only be initiated in lieu of a General Meeting in accordance with Clause 19.5(4).

23.2. Only Ordinary Members may cast Votes in Members Polls.

23.3. A Members Poll can be conducted utilising paper-based ballots or E-Voting. In either case, the Members Poll entails presenting Draft Resolutions to Members in a readable format, so they can have the opportunity to cast their Vote on the matters under consideration.

23.4. The Members Polling system utilised must be able to provide unambiguous indications of who cast each Vote. For example, any or all of the following controls can be utilised:

(1) Members must provide their full name, date of birth, contact details (e.g. phone number, email address) and Residential address details for paper-based ballots and E-Votes;

(2) paper-based Members Polls must be signed by the Ordinary Member casting the vote;

(3) E-Voting can utilise appropriate provenance systems, such as password entry to cast a Vote, and/or electronic signatures;

(4) verification through a second channel (e.g. calling each individual by phone, or contacting them through other means), so the Ordinary Member can confirm that it was their Members Poll Vote that was received; or

(5) some other method agreed by the Committee that would confirm the provenance of the Votes.

23.5. To initiate a Members Poll, a Draft Resolution must be developed by the Committee and made available to Members by the most expeditious means. The Members Poll materials made available to Members must provide:

(1) a concise statement explaining why the Members Poll is being utilised, rather than convening another General Meeting;

(2) enough information to allow the Members to make an informed decision on the Draft Resolution;

(3) a succinct and unambiguous Resolution statement on which the Members may Vote either 'Yes', or 'No';

(4) information on the methods by which the Members Polls may be lodged, for them to be available for counting;

(5) a deadline by which the Members Poll must be received by the Committee, for the Member's Vote to be accepted; and

(6) details of the Committee Member who will be collating the Members Polls, and their contact information (e.g. email address, SMS number, web address, mail address, fax number), so the Members know how to provide their response.

23.6. The Voting deadline specified in Clause 23.5(5) must allow enough time for Members to receive the Draft Resolution, suitably assess the material provided, cast their Vote through the appropriate medium, and have it received by the person collating the Votes.

23.7. The Secretary will normally act as the Committee Member collating the Members Poll responses, but this task can be delegated to another Committee Member, Subsidiary Officer, or Member if:

(1) decided by the President (or the Vice President, if the President is not available to coordinate the delegation), because the Secretary cannot fulfil the role effectively;

(2) the Secretary would have to recuse themself, because there is a possible Conflict of Interest related to the Draft Resolution under consideration; or

(3) required by the Vote of the majority of Ordinary Members in attendance at a General Meeting in which the decision was made to implement a Members Poll, as specified in Clause 19.5(4).

23.8. Votes are to be lodged in compliance with the approaches agreed by the Resolution of the Committee, and the options are to be notified to Members in compliance with Clause 23.5(4). More than one method of lodgement should normally be available, which may include passing them to the appropriate Member specified in Clause 23.5(6) by:

(1) providing hard copy responses, by hand, or mail,

(2) providing electronic copies of the completed hard copy Members Poll response by facsimile, or email attachment; or

(3) completing online forms, or other forms of electronic Voting responses.

23.9. Members Polls received will only be counted if:

(1) the Vote is received prior to the deadline specified in accordance with Clause 23.5(5);

(2) the Vote was ~~supplied~~ cast by an Ordinary Member;

(3) the response has been filled out correctly with all required information provided; and

(4) the provenance of the Vote can be verified in accordance with Clause 23.4.

23.10. A notification of the results of a Members Poll must be provided for Members within ten (10) days of the closing date for the Voting. This notification must be provided expeditiously in writing by the most appropriate means (e.g. email, SMS, ~~web site~~website notification, posting information on notice boards, letter drop, etc.)

23.11. All pertinent materials related to Members Polls must be kept as a part of the Association's Books.

24. Determining whether a Resolution is carried

24.1. Votes related to Special Resolutions will be considered carried if:

(1) the Vote is conducted at a General Meeting in accordance with Clause 22, seventy-five percent (75%) or more of the Ordinary Members who are present Vote in favour of the Draft Resolution; or

(2) seventy-five percent (75%) or more of the validated (in accordance with Clause 23.9) Members Polls received nominated 'Yes' to the Draft Resolution.

24.2. Votes related to Motions or Draft Resolutions that are not Special Resolutions will be considered carried if:

(1) the Vote is conducted at a General Meeting in accordance with Clause 22, and more than fifty percent (50%) of the Ordinary Members who are present vote in favour of the Resolution or Motion; or

(2) more than fifty percent (50%) of the validated (in accordance with Clause 23.9) Members Polls that are received nominated 'Yes' to the Resolution.

24.3. If a Vote is conducted in accordance with Clause 24.2 yields an equal number of Votes for and against the Motion or Draft Resolution, then a casting vote may be applied as follows:

(1) the chairperson at a General Meeting in which the tied Ballot occurs may Vote a second time to decide the outcome;

(2) the President may Vote for a second time, to determine the outcome of a Members Poll; or

(3) if the President is unable to participate in providing the casting ballot for a Members Poll for some reason (e.g. they are not available, or they have recused themselves) then the casting Vote will be provided:

a. by the Vice President; or

b. if the Vice President cannot fulfil this role, by a Committee Member nominated through a majority Vote of the Committee, as conducted in compliance with Clauses 12.8 or 12.9.

25. Minutes of General Meeting

25.1. The chairperson for the meeting is to ensure that accurate minutes are taken for each General Meeting.

25.2. The Secretary, or another Committee Member authorised by the Committee, will be responsible for taking the notes during the General Meeting, and collating these into the Association's Minute Book within seven (7) days after the General Meeting is held.

25.3. The minutes must record the following:

(1) the date and time of opening, time of closing, and the location of the meeting;

(2) the Member acting as the chairperson;

(3) the names of the Members present at the meeting, and for each the nomination as to their category of Membership (e.g. Ordinary Member, Associate Member, etc.);

(4) the names of any other persons attending the General Meeting;

(5) the Association related business discussed during the meeting, including copies of any reports, financial statements, or other materials tabled; and

(6) any Motion or Resolution on which a Vote was taken at the General Meeting; and

a. the Member who proposed the matter;

b. the Member who seconded the proposal; and

c. the result of the Vote (e.g. carried, carried unanimously, carried with a particular majority, or lost).

25.4. The President must assure that the minutes of a General Meeting are reviewed, and when suitably completed, signed as correct by the chairperson of the meeting. This signing should be completed within five (5) days of finalising the drafting of the minutes. The General Meeting minutes must then be ratified at the next AGM or SGM, in accordance with Clauses 15.3(3) and 16.2(3).

25.5. When the minutes of a General Meeting have been signed as correct, they are until the contrary is proved, evidence that:

(1) the meeting to which the minutes relate was duly convened and held;

(2) the matters recorded as having taken place at the meeting took place as recorded; and

(3) any appointment, Motion, or Resolution, passed at the meeting was validly made.

25.6. The primary Minute Book must be kept at the Secretary's place of residence, or at another place determined by the Committee. The Minute Book may be kept in an electronic and/or documentary (hard copy) format. Where an electronic format is utilised, appropriate backups must be kept~~,~~ to ensure that associated files are not lost, even if there is a catastrophic event at the primary place for storing the Minute Book (e.g. utilising an off-site backup). Additionally, where electronic versions are utilised, appropriate steps must be taken to minimise the risks of data tampering by unauthorised people.

Part 8 – FINANCIAL MATTERS

26. Source of funds

26.1. The Association may source and collect funds to facilitate the achievement of the objectives specified in Clauses 3 and 4. Sources of funds may include:

(1) the sourcing of grants, donations, or stipends to undertake specific tasks, or cover costs related to providing relevant services and support;

(2) the collection of funds from Members in a form approved as a Special Resolution at a General Meeting;

27.1. Subject to any restrictions applied by the Rules or a Special Resolution, the Committee may approve expenditure on behalf of the Association.

27.2. Payments or financial allocations from Association funds may be made to:

(1) cover costs associated with achieving the objectives of the Association, as outlined in Clause 3;

(2) make payments to Members, which are approved by the Committee, to cover bona-fide expenses that have been incurred as a direct result of supporting the objectives of the Association, or meeting the requirements of the Rules; and

(3) pay administrative and related operational costs associated with managing, operating, and maintaining the Association and the ~~its~~ assets it utilises.

27.3. The Committee may authorise the Treasurer to expend funds on behalf of the Association up to a specified limit, without requiring approval from the Committee for each item on which the funds are expended.

28. Control of funds

28.1. The Association funds must be controlled in line with sound accounting methods and sensible business management practices.

28.2. The Association is to maintain accounts at financial institutions for the management and safekeeping of Association funds. Such accounts must be in the name of the Association and must be structured in a manner that supports the management of payments and receipts.

28.3. All funds of the Association must be deposited into the Association's account at a financial institution within five (5) working days after their receipt.

28.4. All cheques, e-transactions/e-payments, drafts, bills of exchange, promissory notes and other negotiable instruments of the Association must be signed by:

28.5. The Committee is to ensure that the Association effectively achieves the mandated requirements within Part 5 of the Act each Financial Year. These activities will include the development of the required Financial Statements or Financial Reports, and the provision of audits as necessary.

PART 9 : DISPUTES, MEDIATION, ARBITRATION AND DISCIPLINE

29. Dispute Management

29.1. The Parties to a Dispute must attempt to resolve the matter between themselves within fourteen (14) days after the Dispute has come to the attention of each Party.

29.2. If the Parties to a Dispute are unable to resolve the Dispute between themselves within the time specified in Clause 29.1, any Party to the Dispute may request the initiation of the Grievance Procedure, by giving the Association written notice which explains:

(1) the Parties involved in the Dispute;

(2) the matters that are the subject of the Dispute;

(3) Parties and associated stakeholders, who are, or need to be, involved in the Grievance Procedure;

(4) an explanation of the roles or contribution that each of the persons or entities nominated in Clause 29.2(3) had, or are likely to have, in the Dispute and/or Grievance Procedure; and

(5) expeditious contact information for the persons or entities nominated in Clause 29.2(3).

29.3. The notification specified in Clause 29.2 must be despatched by the initiating Party, so it can be received by:

(1) the Secretary if they are not involved directly with the Dispute;

(2) the President, if the Secretary is involved directly with the Dispute;

(3) another Committee Member who is not involved directly with the Dispute, if the Secretary and President are directly involved in the Dispute; or

(4) another Member who is acceptable to the Parties involved in the Dispute, if all of the Committee Members are involved directly in the Dispute.

29.4. To facilitate the effective implementation of the Grievance Procedure, the Parties involved in the Dispute will be required to participate in Good Faith. Additionally, the Parties involved in the Dispute must ensure that their actions do not adversely affect the operations and activities of the Association, or the continued achievement of the objectives specified in Clause 3, whilst the Grievance Process or the Dispute is ongoing.

29.5. The Grievance Procedure Initiation Date (GPID) is the date on which the notification of Dispute is received by the Member specified in Clause 29.3.

29.6. Within seven (7) days of the GPID, the Member receiving the notification of the Dispute must make the details of the Dispute available to all Committee Members.

29.7. Within fourteen (14) days of the GPID, the Member taking receipt of the notification, and Committee Members not directly involved in the Dispute, shall do the following:

(1) They shall determine by a Vote whether it would be appropriate for the matter to be handled by the Association through the Grievance Procedure.

(2) If the Vote taken in accordance with Clause 29.7(1) indicates that it is not considered appropriate for the Association to implement the Grievance Procedure to facilitate resolution of the Dispute, the Member who received the notification in accordance with Clause 29.3 shall notify the Parties of the decision within three (3) days of the Ballot being taken. In these circumstances, the following steps in this Clause 29 shall not be required.

(3) Alternately, if the Vote taken in accordance with Clause 29.7(1) indicates that the Members involved in the Ballot have decided that the Dispute can be handled by the Association, they will initiate the following steps in this Clause 29.

29.8. When a decision is made to initiate the Grievance Procedure, the Member who received the notification in accordance with Clause 29.3 shall liaise with Committee Members not directly involved in the Dispute, and the Parties involved in the Dispute, to assign a suitable Dispute Facilitator. Additionally, a Dispute Facilitation Committee (DFC) may also be established if deemed necessary, due to the complexity of the issues involved in the Dispute. The Dispute Facilitator and DFC delegates must:

(1) be Members;

(2) not be directly involved in the Dispute (e.g. they do not possess first-hand knowledge that would be pertinent to an investigation into the Dispute);

(3) be acceptable to the Parties involved in the Dispute;

(4) be capable of providing facilitation for the management of the Dispute; and

(5) volunteer to assume the role of Dispute Facilitator or DFC team member.

29.9. Within twenty-one (21) days of the GPID, the Parties involved in the Dispute are to be advised in writing of the names of the Dispute Facilitator and delegated DFC members.

29.10. Not later than twenty-eight (28) days after the GPID, the Parties must be advised of expected costs that may be associated with the implementation of Internal Mediation (IM). Parties involved in the IM will then have five (5) days to notify the Dispute Facilitator if they wish to proceed with the matter. The Parties' tacit or explicit willingness to proceed with the Grievance Process provides a covenant confirming their disposition to pay any costs associated with the IM proceedings and to comply with the Rules.

29.11. Within thirty-five (35) days of the GPID, the Dispute Facilitator, and/or formally delegated DFC members shall:

(1) negotiate with involved Parties and other stakeholders to determine an appropriate date, time and venue for convening an IM session; and

(2) provide at least seven (7) days' notice to the Parties involved in the Dispute of the date, time and venue for convening the IM session.

29.12. Unless there are significant and extenuating circumstances, the IM is to be conducted within forty-nine (49) days after the GPID. If the IM cannot be conducted within forty-nine (49) days after the GPID, it must be convened at the earliest possible opportunity after that deadline.

29.13. The IM will be conducted in accordance with Clause 30.2, and the matter may be escalated as appropriate, in accordance with Clause 30.1.

30. Mediation and Arbitration

30.1. The Escalation Process

(1) Where the Association initiates the Grievance Process in accordance with Clause 29.7(3), or there is an appeal as specified in Clauses 30.2(12) or 31.9(4)a, the Parties agree that they will comply with the escalation process illustrated in Figure 1~~Figure 1~~ (overleaf), which is outlined in this Clause 30.

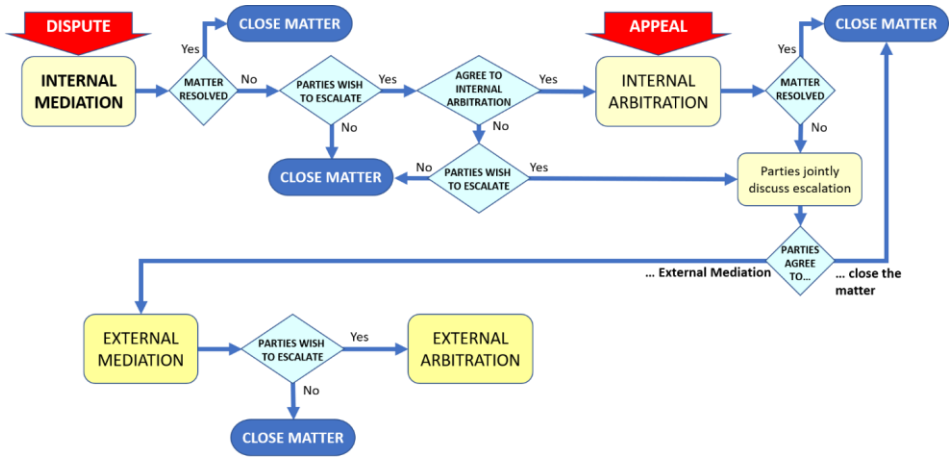

Figure 1: The escalation process for Mediation and Arbitration

(1) As shown in Figure 1~~Figure 1~~, the steps in escalation for the Grievance Procedure, appeal, Mediation and Arbitration processes can entail the following:

a. Internal Mediation will be conducted in compliance with Clause 30.2 as a key step in Dispute resolution. If the Parties cannot achieve an agreement in relation to the matter under Mediation, they can mutually consent to close the matter, or escalate to the utilisation of Internal Arbitration or External Mediation.

b. Internal Arbitration (IA) may be conducted by the Association if there is an appeal resulting from disciplinary proceedings, the Parties involved wish to utilise this method to facilitate Dispute resolution, or there is a Membership appeal as specified in Clause 5.8(4). IA will be implemented in accordance with Clause 30.3.

c. Should the Parties decide that they wish to escalate proceedings beyond Internal Arbitration, they can initiate External Mediation (EM) (see Clause 30.4), or if this approach does not achieve an appropriate result, the Parties may then initiate External Arbitration (EA) (in compliance with Clause 30.5).

(2) If, in relation to a Dispute or appeal, a Party breaches any provision of the Rules, another Party need not comply with those breached clauses in relation to the Dispute or appeal.

30.2. Internal Mediation

(1) The Parties and other stakeholders involved in the IM must commit to attempt to settle the matter that is the subject of the Mediation in Good Faith.

(2) The general intent of IM is to provide Mediation utilising resources available to the Association, so the matter can be resolved at minimum cost to the Parties.

(3) The Internal Mediation proceedings will be managed by the Dispute Facilitator, with the assistance of other Dispute Facilitation Committee members, if they are nominated to do so. The preparations for implementing an IM session must be completed in accordance with Clause 29.

(4) Each Party to the Mediation must provide a written statement of the issues that need to be considered by the Dispute Facilitator, at least seven (7) days before the IM session is planned to take place.

(5) In conducting the Mediation, the Dispute Facilitator (and any DFC members involved) must assure that:

a. each Party involved in the IM (or their representatives) have ample opportunity to present their side of the matter;

b. due consideration is given to verbal evidence, written statements, or documents provided by the Parties (or their representatives); and

c. Natural Justice is applied to the Parties involved in the IM throughout the Mediation process.

(6) The Dispute Facilitator (and any DFC members involved) will not be authorised to make a determination as a result of the procedings outlined in Clause 30.2(5). They will only be authorised to:

a. coordinate the implementation of the IM proceedings in line with standard procedures, such as those defined by the State Administrative Tribunal ~~Law Society of Western Australia~~;

b. propose ideas and possible compromises for discussion by the involved Parties or their representatives; and

c. make statements or pose questions that may help the Parties to better understand the matters under consideration, so they can reach a consensus resolution.

(7) Where considered necessary and appropriate by the Dispute Facilitator, the IM session may be adjourned to a following meeting, to allow the Parties time to consider their options or produce additional information. The following part of the IM session would then be convened at a date, time and venue that is convenient for the Parties, and stakeholders involved in the Mediation. Unless there are extraordinary circumstances, the IM session must be continued within seven (7) days of the date of adjournment. The final decision on the date and venue for continuing the IM after adjournment will rest with the Dispute Facilitator.

(8) Materials and evidence provided to support the Mediation will be considered Confidential Information and must be managed in accordance with Clause 41.

(9) As a result of the Mediation, the Parties may opt to do the following:

a. ***A Consensus Resolution.*** The Parties may agree to a resolution that addresses the matter of the Dispute.

b. ***Terminate the Grievance Procedure.*** The Parties may agree to close the matter without resolution, but without recourse to escalation as specified in Clause 30.1.

c. ***Internal Arbitration.*** Where the Parties cannot agree to either of the preceding two options, the Dispute Facilitator may initiate Internal Arbitration.

d. ***External Mediation.*** In situations where the Parties cannot reach agreements in accordance with Clauses 30.2(9)a or 30.2(9)b, and are unwilling to submit themselves to Internal Arbitration in accordance with Clause 30.2(9)c, they will have recourse to implement EM. In these circumstances:

i. the Association will consider its active involvement in the Grievance Procedure completed and its obligations fulfilled, except where the Association is a Party to the Dispute;

ii. the Parties, and their representatives and assigns, agree to ensure that their actions do not adversely affect the operations and activities of the Association, or the continued achievement of the objectives specified in Clause 3; and

iii. the Parties will keep the Dispute Facilitator expeditiously informed on progress and the outcomes of the EM proceedings.

(10) The Parties will normally be required to make their decision in relation to Clause 30.2(9) during the IM session. If a decision can be made at the time of the IM, the Dispute Facilitator (or a delegated member of the DFC) shall create a written statement that outlines the key agreements and outcomes of the Mediation session. The Parties will sign this document once it is prepared, to signify their consent to abide by the Mediated agreement.

(11) The Dispute Facilitator may also give the Parties up to seven (7) days to provide their decision on the Mediated resolution. Where the dispensation is made to allow the Parties time to make the decision after the IM session, the Parties are to provide their decision in

writing to the Dispute Facilitator prior to the defined deadline for submission. In situations where one or more Party fail to provide a response within the specified timeframe, the Dispute Facilitator may accept any received response information as the basis for determining the outcome of the Mediation, in accordance with Clause 30.2(9). The Dispute Facilitator will provide a written statement of the outcome of the IM within three (3) days of the deadline imposed for receiving the responses from the Parties. The outcomes will align to one of the options listed in Clause 30.2(9).

(12) The Parties will have seven (7) days from the time that the IM session outcomes are promulgated in accordance with Clauses 30.2(10) or 30.2(11), to appeal the decision. This appeal must be provided in writing, and must:

a. stipulate in detail the grounds for appeal; and

b. indicate whether the Party wishes to pursue resolution/recourse through Internal Arbitration, or External Mediation.
